Dear Sir:

Patentee hereby requests under 37 C.F.R. 3.81(b) that the above-identified patent be corrected to state the name of the assignee as --DYMO--, and not "Esselte N.V."

The assignment was submitted for recordation as set forth in § 3.11 before issuance of the above-identified patent. Specifically, the Notice of Recordation of Assignment, which was recorded on May 30, 2006 (copy enclosed) for application serial no. 09/182,499, is recorded at reel/frame 017706/0321 and lists the Assignee as "DYMO" not Esselte N.V. as listed on the patent itself.

The failure to include the correct assignee name on the PTOL-85B dated July 11, 2006 (copy enclosed) was inadvertent.
